## GRANEX

### AUSTRALIAN STOCK

**Granex is Rimex's standard Bead Blasted finish.**

Granex is produced by blasting a stainless steel sheet with silicon beads to achieve a matt silver effect. We offer this unique finish in three variations - fine, coarse and medium. We can source medium from Rimex Australia, but can import fine and coarse from Rimex UK.

**Sheet size:**

2500 x 1250 x 0.8mm (available ex-Australia)

**N.B.** Other sheet sizes, thicknesses and colours\* available on request from Rimex UK (lead time is approx. 12 - 14 weeks).

\*See Coloured Mirrors and Satins data sheet for colour range and coloured sheet sizes.

Granex used for lift doors
